DEDICATION

The Tzolk’in Field Guide is dedicated to Don Alejandro Cirilo Perez Oxlaj, 13th Generation Quiche Mayan High Priest, Spiritual Leader of the Maya. Don Alejandro is the beloved “tata” destined to lead us into the 13th Baktun, a cycle marked as a Time for Human’s highest transformation. It is Tata that shared the calendars with the world, at the Time destined to be. Tata has been the “final word” as a compass for the discernment of my resources. Thank you Grandfather, for all the prayers you’ve carried to an altar and believed for us.

FORWARD

I share my deepest gratitude and appreciation for the Elders that guided a way of Beauty. When I began my journal I was alone without the resources to travel. I had little hope for an opportunity to share in a Sacred Community.

My daily journal online at JaguarSpirit.com was a last desperate leap of faith, just to save myself. The only resource I knew to lead me out of the dark was the Wisdom shared by Ian Xel Lungold at MayanMajix.com. I’m equally grateful to Michael Shore, who carries on to uphold Ian’s gift to the whole. Those who shared a journey at JaguarSpirit.com were an unexpected answer to my prayers.

That’s the Mission I carry – for others to know what I found out. You don’t need to be an academic to learn or understand what a Divine Creator intended us to Know. It worked for me, through a dedicated practice and the Love of my own curiosity. God’s Divine Will for me was you.

The Field Guide shares a personal practice that’s come together over the past 5 years. My hope is that there is something that will help you define a path of your own. These are thoughts from Spirit thinking about these basic aspects and the words of Ian Lungold… while I was tracking my own thoughts.

Through a Dedicated Practice you will see the synchronicity of your OWN STORY written in the calendar, and the end that’s already written for your Divine Future.

I invite all to join me on a continuing journey published daily at JaguarSpirit.com.

BEGINNING OF THE FIRST SEASON OF THE TZOLK’IN: IMIX begins the first season as observed by the Yucatec tradition of the North. The last Day Sign of the Season is the Guardian. The Guardian of the first season is 13 Road/EB. EB, also known as Human, guards an Intention to know our Identity as a Divine Human Being.

Crocodile/IMIX (e meesh) is simply the beginning of all things. As a cycle of “Light” (Red or Blue Day Signs), IMIX holds a purpose of Divine Inspiration. IMIX is the primordial Mother, the Divine Feminine that holds the energies of Discernment and Compassionate Love. IMIX is an Awakening of the Consciousness of Being.

We begin life in the womb in Unity, conscious as One. We recognize the sound of our Mother’s voice and we realize there is more than One. Our dawning is the Light that we are a consciousness unto our Self. IMIX initiates the first question of Life, “Who am I?”

Human is given the Sacred Right to Choose what we will become. IMIX offers the inspiration for a Choice To Be. IMIX shares thoughts that inspire Unlimited Possibility. Human can create whatever we can Imagine by following thoughts to an ending we choose as our Dream. When we choose to follow the Dreams we Love, our thoughts are guided to the ending. Those who follow the IMIX dream they Love hold the Power of Divine Genius.

Days guided by IMIX always initiate a new set of thoughts. In its first Tone 1, IMIX initiates the beginning thoughts that lead us through the 260-day Tzolk’in round, the harvest cycle of Human Transformation. It’s important to take our Time and Choose Wisely.

The Experience of Crocodile/IMIX:

- IMIX initiates the questions of life. The trecena of IMIX can be inspiring or over-whelming with so many thoughts on our mind.
- The Intention for Human in every cycle of Light is to be “here and now” to receive it.
- The Fire of IMIX ignites our Passion to Create. We may have an urge to take action, though the Meaning and Purpose of this Time is just to take it all in.
- An inclination to spend time alone with your thoughts.
- A good time for planning. A challenging time for productivity.
PEAK DAYS: Peak Experience, Peak Performance
The Peak Tones of the trecena are the best days for personal performance. These are days when we feel confident in our intentions and communication with others.

- 6 Transformer/CIMI – going with the flow of major change
- 7 Deer/MANIK – a peak view of our own Spiritual Tools of Spirit
- 8 Star/LAMAT – a Vision of our Self as a Personification of the Creator’s Light
- 9 Offering/MULUK – counting our Blessings will ignite our Passion for a Sacred Exchange, through an Atonement with the Creator

Exercises for Spiritual Growth:

1) Establish a daily routine that will be a dedicated practice for each day. The Day Sign reflects the “Lord of the Day,” an aspect of the Creator’s Divine Consciousness. A trip to the altar to Honor the Day Sign turns our thoughts to a presence of God With Us, living in our Conscious thoughts.
2) Begin a journal. Write down the wild ideas for future reference. Note what was on your mind and any special experiences of the day.
3) When you get a wild idea, track the thought. Where did it come from? Did it interrupt an existing train of thought?
4) Build your nest – a comfy place To Be.
5) Build a Fire or light a candle. Write a prayer for a new beginning on a piece of paper and offer it to the flames.

THE TRECENA OF JAGUAR/IX

A Vision Quest: Gift of Spiritual Vision

Jaguar/IX (eesh) begins a journey of Spirit. As a cycle of “Darkness” (White or Yellow Day Signs) IX leads a journey of Application. Our Intention is to apply the Inspiration manifested by the last trecena. The Jaguar leads a journey toward the East. We will take Inspiration to Heart through the Wisdom of a human experience.

IX is a symbol of the Divine Feminine aspect of Creation. IX holds the power to see a Divine meaning and purpose. IX’s special power is “Earth Magic,” born of an abiding Gratitude and Appreciation for Mother Earth. IX offers the Consciousness that we are ALIVE and ONE in a LIVING World.

The Jaguar offers potential for a Spiritual Experience. The Element of Air relates to our capabilities of consciousness. Through a dedicated “ceremony of consciousness” the Jaguar can lead us to a Higher Consciousness of our Spirit.

VISION QUEST:

IX leads the first trecena of darkness in a new Tzolk’in round. IX leads us to apply a new Light of Truth to a human walk on Earth. A Vision Quest is a journey dedicated to the Consciousness of Spirit. A Vision Quest is a sacred ceremony that consecrates Time for the Purpose of Divine Communion. The Native American tradition is a dedication of 4 days of fasting and prayer. 4 is the symbol of drawing Light from all 4 directions. A sacred ceremony creates an Experience our Consciousness and Unconscious mind can remember.

IX raises our Awareness of Spirit. The purpose of a Vision Quest is to distance our Self from worldly influences, so as much of our experience as possible is drawn from the supernatural influence of Spirit. The Jaguar is the shape-shifter that can cross the dimensions of Spirit to any Time and Place.

The Experience of Jaguar/IX:

- Our thoughts can be drawn into the Moment and to a deeper meaning.
- We may face a personal challenge or fear and be able to see the truth of the illusion.
- We may feel invisible, living behind the scenes. We can believe we’re on an unseen path.
- The Jaguar can offer a vision of our totem Spirit.
- We FEEL our connection to Mother Earth.
PEAK DAYS: Peak Experience, Peak Performance
The Peak Tones of the trecena are the best days for personal performance. These are days when we feel confident in our intentions and communication with others.

- 6 Storm/CAUAC – momentum and flow brings a Renewal and Regeneration of Spirit
- 7 Sun/AHAU – offers a Divine Revelation of Spirit that impassions the Human Will to follow
- 8 Crocodile/IMIX – fulfills the Transformation of Awakening to the Truth of Light and Divine Guidance
- 9 Wind/IK – the Power of Wind, the Creator’s Voice, will Complete our Consciousness and the Discernment of Divine Wisdom

Exercises for Spiritual Growth:

1) Follow the invisible path of the Jaguar. Ask Divine Spirits to guide you. When you look down at your feet, remember you are on the path.
2) Be invisible in the world. If you don’t have 4 days to disappear, disappear where you are. Fast your words. Instead of being Seen or Heard, be the Silent Observer.
3) Consecrate the Time for a Communion of Spirit. Declare by intention that you will only engage with the Highest Spiritual Beings who serve the Most Divine Intentions for the Whole.
4) Spend quiet time in Nature. Ground yourself with direct contact to Mother Earth. Use the Sacred Breath. Draw life from the resources of Light, Air, and Mother Earth.
5) Choose to serve another living thing. (Make friends with a houseplant, or the birds and the bees.) Share your Gratitude with living thing in Nature. Tell them when you see something beautiful.

Deer/MANIK (man 'eek) the Day Sign of the Mayan priest. As a cycle of “Light” (Red or Blue Day Signs), the Deer guides a journey that inspires Human’s Divine Meaning and Purpose. The Deer’s Gift is Vigilant Observation. The Mayan priest Counts the Days and observes the Sacred Ceremonies on behalf of the Whole.

MANIK leads the whole by serving as an example, following its own path. The Deer holds a gift of Harmonic Resonance. When MANIK lights the fires of Sacred Ceremony and Kneels at an altar, others will Remember and follow. The Deer holds the Power of a Divine Attraction.

MANIK is a symbol of stability with one foot planted in each of the 4 directions. The Deer upholds the Pillars of a Divine Kingdom. The glyph illustrates a Hand (another name for MANIK), grasping a thread of Ether that completes a Divine Circuit to the Power of a Divine Creator.

Deer’s strength is to stand in its own Truth of a Divine Meaning and Purpose.

The Experience of Deer/MANIK:

- Passion that speaks through the Heart.
- Faith that you are on a path.
- In Sympathy with the Heart of Humanity.
GLOBAL BURNER: 4 Dog/OC
Residual energy is burned away at the Center of each Season. On Global Burners the shaman and the priest carry out the Sacred Fire Ceremonies on behalf of the Whole to restore Right Relationship in the Community. 4 Dog/OC stabilizes the energy of Unconditional Love.

THE TRECENA OF REED/BEN

Guiding Light of Home: Building an Altar Within

Reed/BEN is the Guiding Light of Family and Home. Reed is the energetic is leading a family for the well-being of the children and the whole. As a cycle of “Light” (Red or Blue Day Signs), Reed’s meaning and purpose is the Inspiration for the place where our Light will shine.

Reed holds very High Expectations, though it guides us to bend to illuminate the path of Unconditional Love and the Freedom to Choose our own way. Reed intends to walk the walk of Truth for the well-being of those who would look to the example. Reed is the motivation we feel to make Wise Choices when there are children in the Home.

Reed symbolizes our Communion with the Creator from an altar within. Two channels of Light Above shine down upon an altar. Below are the two prayer mats where Humans of duality will kneel together in Humility. To keep the channels open requires us to be the “hollow bone.” All the human flesh of our ego must be burned away to receive the Full Light from Above. That means that in our “perfect demonstration” we’ll be authentic about our limitations. We’ll show others the place to go when we find our Self in the Dark.

Reed/BEN inspires the Love between the Whole. Days marked by Reed/BEN were observed as a day to offer a Blessing to the Home, and to reach beyond home to check in with neighbors to offer a helping hand. Reed/BEN demonstrates to the family that charity that begins at home, applies to our extended family and the Whole. Reed/BEN will Light a Fire of Inspiration in the place we were meant to be.

BEGINNING OF THE SECOND SEASON OF THE TZOLK’IN: CIMI begins the second season as observed by the Yucatec tradition of the North. The last Day Sign of the Season is the Guardian. The Guardian of the second season is 13 Serpent/CHICCHAN. CHICCHAN is the Day Sign that ignites all our Gifts of Knowing. The second season upholds the intention to expand our Consciousness and grow a new seed of our Consciousness to Maturity.

Transformer/CIMI (kee mee) is the Sign of Major Life Change and the Transitions of Life and Death. As a cycle of “Darkness” (White and Yellow Day Signs), CIMI symbolizes a walk of application and human experience. Ascending with the Spiritual Gifts of Knowing to a new Season of Life, CIMI guides us to See our place in an Eternal Circle of Life.

The glyph that illustrates Death symbolizes that something always dies when something new is born. Through the first season of the Tzolk’in we completed human’s “first life” as a Seed that Grew into its physical maturity.

CIMI offers the Gift of Clairvoyance to see the Future. The Transformer/CIMI is the Midwife, a comforter through the Chaos of Change. There is always chaos in the major transition from one way of life to another. CIMI reminds us that the chaos is NOT the CHANGE, but only the Process of changing. We let go of everything that was familiar to believe in something new.

CIMI reminds us through chaos that we are on our way to a Blessing of major proportion. We will see the Future by Believing in our own Power to Create it. CIMI guides us to use the Sacred Breath for Divine Discernment. CIMI holds the Ancient Wisdom of the Past to Know the Future.

The Experience of Transformer/CIMI:

- Everything is up in the air; a more pressing urgency to know the future
- Current circumstances don’t measure up to our Divine expectations
- A sense of out-of-control, hard to get a grasp on things
- Faith to let go in spite of it to believe in a Divine Provision for human limitation
- Having to remind yourself to Breathe
PEAK DAYS: Peak Experience, Peak Performance

The Peak Tones of the trecena are the best days for personal performance. These are days when we feel confident in our intentions and communication with others.

- **6 Monkey/CHUEN** – will establish the momentum for creation through a Divine Rhythm and Pattern of Movement.
- **7 Road/EB** – will reveal the Divine Balance between the Above and the Below that opens the way for us to See our own Divine Destiny.
- **8 Reed/BEN** – will Transform us as a Guiding Light for the Whole, as the Faith in our Prayers for Humanity are raised to the Power of Believing.
- **9 Jaguar/IX** – our Transformation will be completed by the shape-shifter who leads an invisible journey toward the East that carries us across the dimensions of Time and Place to the Truth of Eternal Light, a Divine Consciousness without a Beginning or an End.

The Transformer/CIMI trecena leads to Ascension on 13 Flint/ETZNAB, a Lightning Flash of Truth that sweeps the slate clean to clear a Divine path to our Future. The Element of Air can change our mind.

**Exercises for Spiritual Growth:**

1. Dedicate a practice to Sacred Breath. Remember to take a deep breath of Fresh Air in the morning. Use breath as a Spiritual Tool directing it to discomfort in the body.
2. Reflect on the major changes in your life. What preceded the change?

THE TRECENA OF STORM/CAUAC

The Renewal and Regeneration of our Spirit

Storm/CAUAC (kah ‘wak) is the midwife who delivers. CAUAC connects the Light between the Above and the Below. Like lightning produces rain, CAUAC offers a Blessing of Living Water to our Spirit. As a cycle of “Light” (Red or Blue Day Signs), Storm/CAUAC delivers the Light of Inspiration.

Under the guidance of CAUAC, we’ll have an inherent instinct to know our way “Home” when we see the Storms brewing on the horizon. From an altar within, we’ll be reborn with the Light of our Unbridled Freedom To Be.

The geomagnetic energy of the Storm will align our thoughts with a Divine Truth Above. We’ll know we are Grasped by a Power that can find us on Earth. We’ll Know the Unbridled Freedom of Unconditional Love as we witness the endless paths that are drawn into the One Light.

CAUAC offers a Healing of Divine Truth. There are no exceptions in the Creator’s Promise of Unconditional Love. CAUAC offers the freedom to go our own way. Kneeling at an altar within, we’ll be grounded by our Wisdom of Mother Earth. CAUAC is a bolt of lightning, a magnetic force of Love that raises us to the Light.

SIGNATURE OF GOD: CAUAC is a walk through our Dreams with God. With a beginning marked by position 19 and ending on Kin 91, the first and last reflect the symbol of God’s signature. Number 19 is the count of Divine nahauls that are the all-in-one. AHAU is the 20 that manifests the zero, the axis mundi and the Tree of Life. There are 91 steps on each of the 4 sides of the calendar pyramid at Chichen Itza (364), adding the step at the top, 365 in all. 91 symbolizes the creation of Time in 4 directions. The Return of Venus marks the adjustment for the leap year. Venus is the symbol of Human that shines as the Evening Star. The Mayan calendar’s Perfection of Time is calculated by the Relationship between God and the symbol of the Scion.

The Experience of Storm/CAUAC:

- Gratitude for the creature comforts of “home”
- Experiencing the world as if we are apart from it, just watching it go by
- A regeneration of our Faith by Truth of a Divine Way
- Inspired by the light of new Truth and Possibility
- Heightened awareness of personal boundaries and the right to claim them
THE 4TH AND 5TH UINALS

2 Sun/AHAU completes the 4th Uinal of Stability with a Revelation of our Divine Identity. 3 Crocodile/IMIX begins the 5th Uinal of Empowerment. Number 5 guides an intention to take inventory of our Divine Resources. CAUAC delivers the Truth of Unbridled Power from Above.

Road/EB is the Day Sign of Human and the Road of Human’s Destiny. EB leads a cycle of “Darkness” (Yellow or White Day Signs), an application of our Unbridled Freedom to a Human experience. Road/EB is the Sacred Journey every Human makes and the path defined by the Tzolk’in, a calendar of Human Time. Road/EB’s position 12 is the symbol of Humanity, as the 12 tribes, the 12 disciples, and the 12 constellations. 12 symbolizes a relationship between the “higher 1” and the 2 of human duality.

Road/EB makes sacrifices for others and takes up the cause as a caretaker, often serving the old, poor, and disabled. EB knows it has ALL Time to Rise Again. The Aztec Day Sign for EB is the Grass, reflecting Human’s perennial nature. Grass can’t be held back from springing to life again. Grass was the first of the Green Beings on the planet that multiplied to abundance. As old as Time, Grass lives on through every new generation. Following the ways that were preserved by our Divine Ancestors, their ways are part of our Living Consciousness.

Road/EB offers us another chance to Live again, to start over as we wish we’d lived before. This Time will be different, moving by Leaps of Faith by one that Believe in the Power of Love.

Road/EB is also known as Human, a symbol of the Whole of Humanity for ALL Time. Residing in the South, EB relates to our Relationships with one another and the Natural World. Road/EB leads us to tangible changes, holding the Element of Earth. Road/EB illuminates the path we were destined to follow. Our karmic debt is paid in full by EB, to claim a Higher Destiny for a Human Road of Life.

Residual energy is burned away at the Center of each Season. On Global Burners the shaman and the priest carry out the Sacred Fire Ceremonies on behalf of the Whole to restore Right Relationship in the Community. 4 Eagle/MEN stabilizes our Vision of the Future and Grasp for our Dream.

The Serpent/CHICCHAN (chee kahn) trecena ignites our Consciousness for dynamic Spiritual Developments. As a cycle of “Light” (Red or Blue Day Signs), the Serpent guides a cycle of Light. CHICCHAN is the catalyst that lights the fuse of Life Force to empower ALL our Gifts of Knowing. The Serpent is a symbol of Enlightenment and Illumination. We are given a new way to move on Earth, navigating by our Feelings of Truth. CHICCHAN is a symbol of the Feathered Serpent, Kukulkan.

CHICCHAN holds the Gift of “Lightning in the Blood,” known as the Sixth Sense by the Maya that “bestirs the blood to speak.” CHICCHAN raises our Consciousness to a Divine Connection through the Heart. CHICCHAN is associated with Kundalini energy. The snake moves by the sense of vibration it feels through Mother Earth. Through the Gift of CHICCHAN we will Feel our Way to a Divine Destiny. We will hold a gift of direction that works in the darkness and light.

A snake moves forward by weaving back and forth. We will move like a ship, directing a straight course by the perpetual change of our course. Holding a Light within, we’ll find our way further into the darkness without any fear. We’ll Feel when our thoughts need to turn from the darkness to the Light. CHICCHAN transforms our Way. Holding the power to shed our skin, we’ll leave old ways behind to expand and grow.

6th Uinal: The 6th uinal generates the momentum for a Rhythm and Flow of Movement. This is the energy of the Great Athlete. Engaging our CHICCHAN Force, movement will become a dynamic expression of our pure intention. The Gift of CHICCHAN is the quickening of our Spirit. Serpent/CHICCHAN is the 9th trecena wave, generating Higher Frequencies of Vibration and the Momentum of Spirit.

The Experience of Serpent/CHICCHAN:

- The Gift of Knowing Truth without any physical evidence
- Gut feelings and intuitive insight
- A Revelation or Epiphany that comes with Kundalini energy that travels up the spine, leaving goose bumps, and setting hair on end
- Heightened Empathy with the feelings of others
HOLY DAY: 8 ROAD/EB
Tone 8 is the number of “pure spirit” and the day when the Maya observe most of their sacred ceremonies and festivals. 8 Road/EB is a Holy Day that celebrates Human and the Sacred Road that is the Tzolk’in, the Saq’ Be’ — the White Way that leads to Divine Wisdom. This is a day to Honor all Humans who walk the “hard road of life,” bearing the Time to Know the Miracle of Time.

PEAK DAYS: Peak Experience, Peak Performance
The Peak Tones of the trecena are the best days for personal performance. These are days when we feel confident in our intentions and communication with others.

- 6 Dog/OC will engage the Flow and Momentum of Unconditional Love.
- 7 Monkey/CHUEN, the Alchemist and Weaver of Time, will establish our balance between the material and spiritual world.
- 8 Road/EB the Day Sign of the Human will appear in its zenith with the Truth to Believe in our own Divine Destiny.
- 9 Reed/BEN will complete the Transformation in Harmony and Equity to empower a Divine Family.

Exercises for Spiritual Growth:
1. Pay attention to gut feelings, hunches, and Truth you believe without any evidence. Pay attention when you talk to yourself. Is it YOU on the other side? Note “coincidences.”
2. Pay attention to the places you go. Notice how “home” feels. (Those model homes, even perfectly decorated to look like home, never FEEL like home.)
3. Navigate around things that drain your energy. If you’re backed into a corner, CHICCHAN may move you to strike out.

Flint/ETZNAB is a 13-day cycle of “darkness,” leading the application of Truth that was inspired by our Ascension on 13 Earth/CABAN. We were given the Power to Live and Move with all our Heart. ETZNAB holds the Gifts of Telepathy and Clairvoyance.

ETZNAB is a Sword of Truth that follows the path of a Lightning Strike. Like a flash, ETZNAB delivers Truth that was hidden or covered up. ETZNAB represents the Sacred Flint Knife that cuts to the Heart, and also the Mirror (another name for ETZNAB). Like an Obsidian Mirror, ETZNAB reflects the Perfect Image of Our Truth. Flint makes a point that sweeps our slate clear of any lingering doubts that stand in the way of a Major Leap of Faith. Flint/ETZNAB guides us to the very top of the Tzolk’in pyramid to see “all that isn’t” and “all that is.”

6TH & 7TH Uinals: The 6th uinal establishes the Peak Momentum for our Growth to Maturity. We’ve taken on a Rhythm and Pattern of Divine Movement. 3 Sun/AHAU completes the 6th uinal with a Revelation of the Divine Power engaged by an alignment between the Above and the Below. The Peak Energy reflected by the numbers represents the Unseen Forces of Divine Intervention.

Core Days: At the Center of the Tzolk’in round, the 7th uinal holds the “Core Days” and the Balance of Truth. The axis mundi of our Tree of Life releases us from thoughts of Duality. We see “all that is” and “all that is not” without judgment. Instead of “good” or “bad” we see the Truth as just the way things are. The 7th uinal prepares us for the Reproductive season of our Life. Balanced by our own Truth, we will recognize the Wisdom of the Truth and how it will lead to a new generation of our Self. Our Choices will manifest the crystalline structure to uphold a future state of consciousness.

The Experience of Flint/ETZNAB:

- Suspended judgment between “good” or “bad” quiets our knee-jerk impulses
- Recognizing deeply held Truth as a foundation worthy to stand
- Revelations of Truth that we “knew all along” without the material evidence
- New Truth that establishes itself like a breath of Fresh Air for Heart and Mind
- A sense of being suspended in Time; Time held in the Creator’s hands
**HOLY DAY: 8 Serpent/CHICCHAN**
8 Serpent/CHICCHAN is observed as Serpentine Day, a day to Honor the “dragon energy” of Divine Consciousness. 8 CHICCHAN is a day of Illumination in its Zenith Light.

ETZNAB resides in the North, the direction of Wisdom. Holding the Element of Air, Flint relates to the faculties of Consciousness. Flint will bring the Truth of our Spiritual Wisdom.

**GUARDIAN OF THE SEASON**
13 Dog/OC guarded the Intention of a Season of growing to maturity. The Meaning and Purpose of our next Ascension is the Wisdom of Unconditional Love. The handoff will go to 1 Monkey/CHUEN, guiding us to Create a new World.

**PEAK DAYS: Peak Experience, Peak Performance**
The Peak Tones of the trecena are the best days for personal performance. These are days when we feel confident in our intentions and communication with others. Core Days are ALL Peak Days for Balancing within our Self through an Inner Reflection of Truth. Held in Balance, we can see all our Choices in an equal way. Held in the Balance, the Human discernment of “good” or “bad” can fall away.

---

**Exercise for Spiritual Growth: Drawing your own Circle of Creation**
Draw a Circle. Bless it as the New Seed of your Self, the boundaries of creation to hold Your Truth and Your Dream for a new Seed of your Self. Carefully add one Divine Truth at a time for a Dream that is all your own. The Circle is a living tool that will help later when outside thoughts float by. Did they originate from YOUR circle? Or, are they false truth coming from a circle that belongs to someone else? The choice is up to you to deny they have anything to do with YOU. A divine boundary will stand as a Provision for YOUR New Life To Be.
